Underground Fiber Cable Installation

OUR PROJECTS

AmiLink Company LTD has gained enough experience since 2020 in operating in different fields of technology and ICT and we have accomplished several projects as projected below.

AmiLink Company LTD is also complying with Local Content Delivery Regulations in order to accommodate and support Local Community to sustain their growth economic and academic basis

Contribution to Local Content Delivery

AMILINK Local Content delivery focuses on three aspects

1. Employment of the local Community
2. Use of Local Goods and services
3. Education & Technology Transfer

Our plans is addressing distinctively the three above listed elements and provide detailed targets , plans , organization , procedures and planning for the promotion of local content , during the execution of employment Contract.

1 : Employment of the local Community

Key principles

In order to comply with National regulations related to recruitment and employment of local community ,AMILINK COMPANY LTD shall into consideration in regard of the National regulation of employment and support of Local Community

The following has been considered as a contribution to prioritize Local Content Objectives to AMILINK achievements.

Local Community employment and training.

- ❖ Meeting or exceeding the regulatory target for employment and training of the Local community personnel for Management ,technical and other staff.
- ❖ Training of Local Community in the section for priority development.

We shall provide a detailed plan for recruitment and training of Local Community Taking into consideration the promotion of participation of specific groups including women , persons with disabilities ,and persons from specific geographical areas (Community Content) and in accordance with applicable law.

AmiLink Company LTD Trains the Trainers

The objective of the AMILINK Train the Trainer" (TTT) program is to strengthen the practical dimension of technical education and training in Local Community.

In order to do so, AMILINK is mobilizing technicians from AMILINK to operate skills and competences transfer for the benefit of Tanzanian Community (Local Community) since in the community there are various individuals with different Education levels.

The type of training sessions that will be performed with include disciplines such as Project management (Planning, monitoring etc.). Construction issues, Electrical issues, Health Safety and Environment (HSE) & Quality.

MINIMUM % OF LOCAL COMMUNITY		Year 0	Year 3
Management staff	Management staff	15%	30%
	Supervisory staff	25%	40%
Technical staff	Technical core staff	30%	50%
	Professional Support staff	50%	60%
Other staff	Semi-skilled	70%	90%
	Unskilled	100%	100%

Where:

Management staff

Shall mean supervisory, professional, senior management staff with a diploma/degree qualified and/possessing the relevant number of years of experience.

Technical staff

Shall mean skilled and semi-skilled staff certified under a technical training scheme.

Other staff

Shall mean technically uncertified/inexperienced or unskilled staff.

Without disregarding the above regulatory targets for employment and training of National Community, AMILINK shall achieve the target with regards to employment and training of Citizens from the Local Community ("Community Content")

NB:- Other staff category should not be recruited outside of the Local Community Unless the pool from the Local Community has been exhausted.

AMILINK shall ensure that during bid evaluation, the Local Content forms are part of the bid evaluation criteria and in all circumstances, is allocated at least ten percent of the total evaluation score.

At financial evaluation stage, whenever bids are close to each other by no more than five percent, the bid containing the highest level of Local Content shall be selected over the others.

AMILINK Company encourages promotion of supplier development and capacity building with a special focus on activities selected for priority development

2: Use of Local Goods & Services

Key principles.

AMILINK shall as much as applicable base the selection for the provision of local goods and services on a competitive tendering.

AMILINK shall ensure that the bidding process includes Local Content as one of the requirements for qualification.

3: Education & Knowledge Transfer.

In order to promote sustainable economic development and national industrialization, capacity building & Technology Transfer are the cornerstones of the AMILINK Local Content strategy, Education and Technology Transfer includes all activities and mechanisms aimed at optimizing knowledge and skills transfer to the Government and Tanzanian Community.

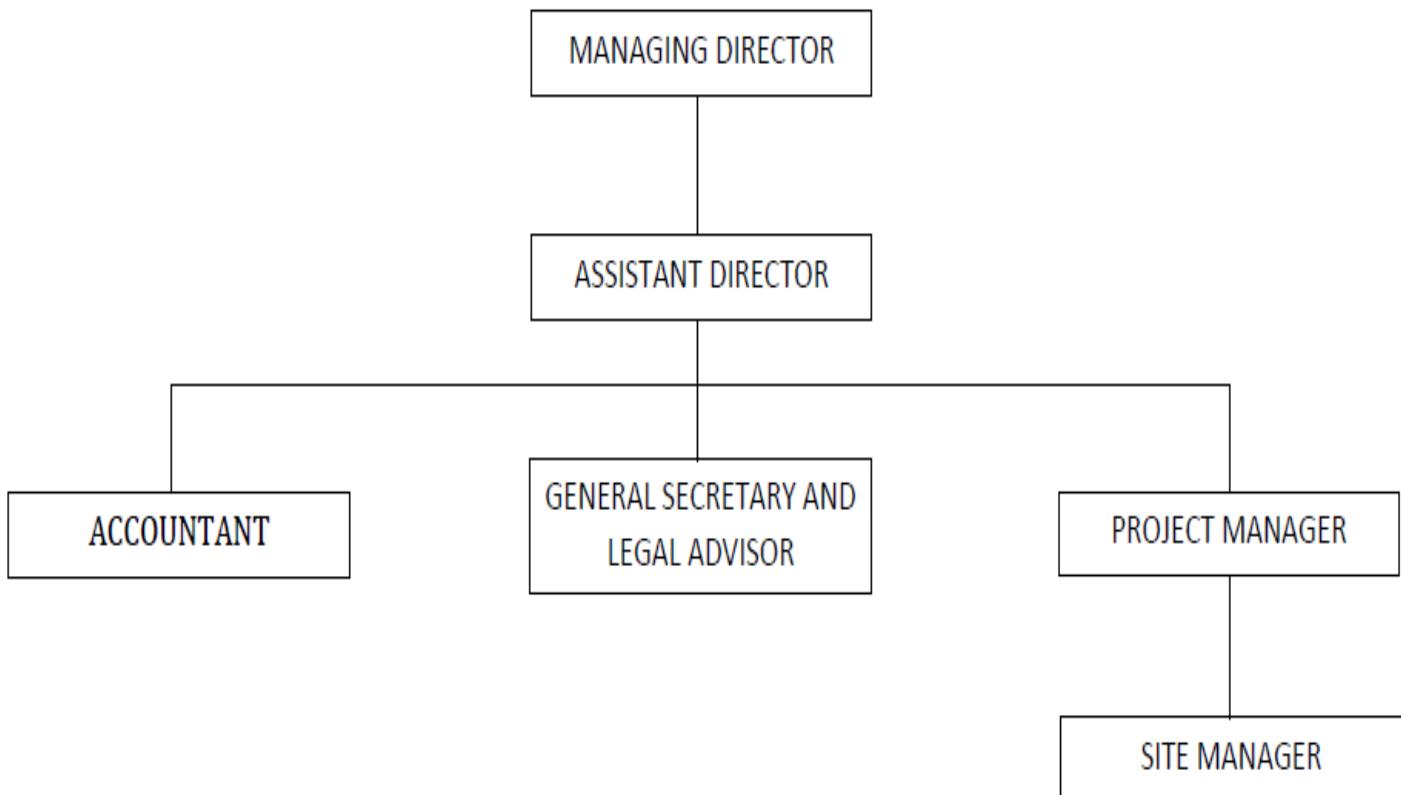

Local Content Plan.

- Providing nutrition education to the community , Our company will involve nutritionists to provide education to the community about proper diet in their meals, because most children in the community suffer from malnutrition disorders.
- Providing public health education on transmitted diseases especially STDS This is because the rate of spread of these diseases specifically HIV/AIDS among the community surrounding the mines is high. Since mostly the mining sites are in remote areas where the health education does not directly reach to individual persons.
- Helping the elderly with their basic needs In this community there are elderly people who can't afford their basic needs and there is no organization that supports them. Henceforth, our company has made plans to coordinate with the village government leaders to help them with their basic needs.

In relation to Community Content, the Local Content Plans shall provide: A procedure for recruitment and training within the local communities; Hiring and training needs with a breakdown of the skills required for jobs to be provided within the local communities.

Remuneration strategy and definition of a fair remuneration for workers within the local communities.

RE: APPROVAL OF THE LOCAL CONTENT PLAN FOR AMILINK COMPANY LIMITED

Kindly refer to the above-captioned subject.

2. The Mining Commission is pleased to inform you that your Local Content Plan submitted to the Mining Commission as a contractor for Mineral Rights Holders has been **approved** by the 21st meeting of the Local Content Committee held on 22nd June, 2023. The approval has been granted as per Regulation 11(5) of the Mining (Local Content) Regulations, 2018.
3. Please be informed that the approved Local Content Plan is operative only for the period of one year from the date of this approval. In this regard you will be required to submit another annual Local Content Plan not later than 22nd June, 2024. During this period, you will also be required to submit to the Mining Commission quarterly reports in respect to the performance of the local content plan.
4. Furthermore, in accordance to Regulation 37 of the Mining (Local Content) Regulations, 2018, you are required within sixty (60) days of the beginning of each year to submit to the Mining Commission an annual Local Content Performance Report covering the period from when your Local Content Plan was approved.
5. It is our hope that you will implement the plan effectively while taking into consideration all other requirements of Section 102 of the Mining Act Cap 123 and its Mining (Local Content) Regulations, 2018. This includes a requirement for a non-indigenous Tanzanian Company which intends to provide goods and services to incorporate a joint venture company with an Indigenous Tanzanian Company and afford that company an equity participation of at least twenty percent (20%) as per Regulation 8 (6) of the Mining (Local Content) Regulations, 2018.
6. You are also reminded that non-compliance to Local Content Regulations will subject you to penalties as stipulated under these Regulations.
7. Thank you for your continued cooperation.
